

Massey Medal

How to Nominate

You may submit one or more nominations for the medal. To make a nomination, please submit (for each) a typed statement, not exceeding two pages, stating:

- The medal for which the nomination is being made.
- The justification for the nomination in terms of the criteria set for the medal for which the nomination is being made.
- The essential biographical details on the nominee(s) (name, date and place of birth, formal education, career highlights).
- A description of the main achievements of the nominee(s) and, if relevant to a nomination for the Massey Medal, a description of the event.
- Your name, address and telephone number, as the person making the nomination.

A nominee's curriculum vitae and a bibliography of his/her principal published works should also be included. Book length submissions, however, are discouraged.

Nominations should be addressed to:

Awards Committee
The Royal Canadian Geographical Society
Suite 200, 1155 Lola Street
Ottawa (Ontario)
K1K 4C1

The Committee will keep all nominations under consideration for a period of three years. Properly documented nominations received at the Society's office by close of business on **January 10th** will be considered in awarding medals for the following year.

We encourage you to submit nominations for the Massey and Gold medals as we wish to ensure that all persons worthy of the awards are brought to the Society's attention. Please look outside your organization, as well as within, when considering who might be an outstanding nominee.
